Dear Ms Rook,

I teach Environmental Science at the American University in Bulgaria (AUBG) and have a student in my class (Tsvetelina Miteva) who has been sponsored by the Rofa Foundation.

First, I want to say thank you for giving Tsvetelina the opportunity to study at AUBG. It has been a pleasure to have her in my class. She is a very bright, hard-working student. She has excellent attendance (I think she missed one class during the semester), she always completes assignments on time, and has done very well on her assignments and exams. The final exam in the course isn't until next week, but I anticipate she will finish the class with a grade of "A", the highest possible grade in the course.

I am confident Tsveti will go far academically. She has a positive drive and ambition, an inquisitive mind, and the willingness and ability to put in the work to excel. I hope The Rofa Foundation will be able to continue to support her as she continues her studies at AUBG.

Sincerely,

William A. Clark Ph.D.

Assistant professor of Environmental Science and Biology at AUBG
